## **Mohammad Saeed Malik joins EAST's Board of Directors**

EAST Satellite Holding Pty Ltd announces that Mr Mohammad Malik has joined the Board of Directors and taken a minority interest in the company that holds the satellite business.

"The company welcomes the input of Mr Malik joining the company at the highest level and recognises his contribution already to the operations," said Robert Jolly, Founder and CEO of EAST.

"Mr Malik will have especial focus on international business development and work closely with me and the CCO, Dr Saqib Lari," Mr Jolly said.

"Mr Malik has a distinguished career in telecommunications and structured finance. He is based in Dubai and London (when COVID-19 allows) and brings a wealth of experience in deal-making and transactional business growth to EAST Satellite Holding Pty Ltd," he said.

EAST recently announced a commercial breakthrough for the development of its first 80 Gbps GEO high throughput satellite to be launched to serve South Asia.
